fans, who will use them in scrap books
and in groups on the walls of various
den-rooms. The photos were donated
by Healy, the local photo man, who is
also one of the team's best supporters.

RAMONA CLUB ENTERTAINS—
About 125 members and friends of

Miss Grace Kohl was a charming
hostess to the young people who were
invited to meet her cousin, Miss
Lorraine Polzin, of Waco, Nebraska.
The house was decorated in flowers
and greenery and the yard was aglow
with Japanese lanterns. Ice cream
and cake were served and everyone
spent a most enjoyable evening.

TEMPE LOSES FIGHT FOR FREE TELEPHONES FOR TOWN OFFICERS

Corporation Commission Stands by
Decision of Supreme Court in Tuc-
son Case, and Says Town Never
Had Power to Make Such
an Agreement

On the ground that the territorial
legislature never delegated any power
to municipalities to fix rates of public
service corporations, the corporation
commission yesterday dismissed the
complaint of the town of Tempe
against the Mountain States Telephone
and Telegraph company for failure to
carry out the terms of a franchise
granted the Overland company in 1911.
The commission in its order stands
firmly on its powers as defined by the
supreme court over a year ago in the
case of the Tucson Gas, Electric Light
and Power company, maintaining that
it alone has the power to fix or regu-
late rates.

Under the terms of the franchise
granted the Overland company by the
town of Tempe, the company was to
furnish eight free telephone for the
use of town officials. When the Moun-
tain States company bought the lines
and exchanges of the Overland, tele-
phone rates were readjusted under an
order of the commission fixing charges
in all towns where two exchanges were
being merged. The commission's order
permitted telephone companies to fur-
nish one free telephone to every 2000
people, thereby reducing Tempe's quo-
ta to one instrument. Tempe, the order
states, never had any power to fix
rates for telephone service, the power
being at that time vested in the ter-
ritorial legislature alone. The only
power delegated by the legislature, the
commission holds, was control over
streets and alleys.

The commission's order in the Tempe
telephone case is expected to set a pre-
cedent as there are a number of other
cases pending which may be settled in
the same way. Among these are the
cases which involve the rights of the
towns of Nogales and Douglas to fix
the terms of contract with public ser-
vice corporations.

CHALMERS WINS HILL CLIMB; SETS RECORD

The new Chalmers six, the same
model of which so many have been
sold here this season is beginning to
shine in eastern racing circles.
This up-to-date little car possesses
many of the hitherto exclusive fea-
tures of the fast foreign racers and
it is no wonder that it is showing
up strong in the competitive events.
Tom Trent has just received the fol-
lowing message from the Chalmers
people telling of their success at
Uniontown on June 24th:
"Uniontown, Pa., June 25, 1915.
"Phoenix, Ariz.
"At Uniontown, Pennsylvania, yester-
day, Chalmers New Six-40, model
32, stock car, E. A. Walden driving,
won 250-inch class in third annual
hill climb up Summit Mountain, a
1500 feet rise in three-mile climb
with many bad turns. Time, three
minutes, 30 seconds. This is 14 sec-
onds faster than the next closest
car and 8 seconds faster than last
year's record for this hill. In free-
for-all race the same car finished
fourth to Packard "48," Simplex and
Marmon and defeated the Palms
driving the same Mercedes that won
the Indianapolis race. All these cars
have practically twice our piston dis-
placement. No car anywhere near
its price can touch the Chalmers
Six-40, model 32. Valve-in-head
overhead camshaft type of motor
again supreme.
